Conferences surrounded by nature

The Rothof has what distinguishes any great establishment: Location, location, location. Our hotel isn't just centrally situated in Munich's high-end Bogenhausen quarter, we also have direct access to the oasis of Denninger Green. And this, in addition to our hotel's interior décor and optimum seminar equipment, is what makes us one of the most popular conference hotels in Munich.

Our bright meeting rooms with plenty of daylight offer a direct view of the park as well as a terrace which opens out onto the green – for informal breaks in the fresh air.

And what additionally makes Rothof so special: the warm-heartedness and individual service of a privately managed traditional hotel. Our high quality standards and personal commitment will contribute to making your meeting a veritable success.
